ACADEMIC PROJECTS

❖ **Portfolio : Fully responsive Portfolio website :** [Click](#)

In this website design I added name, designation of the user. Then we will display the image, skills, work experience and education details. Also added the list of services and work portfolio on this website. In the footer of this website added contact info and contact form. Can receive the contact form data on your **google sheets**.

❖ **FriendVerse : Fully responsive Template of Social Media Website** [Click](#)

This is a fully responsive social media website template using HTML and CSS. This website design looks like Facebook. Added user's profile page design with cover photo, users image gallery, friends list and list of post share by users.

❖ **FrontEndStore : Fully responsive Home page of eCommerce website :** [Click](#)

Home page of eCommerce website with banner section, some featured categories images, then some featured products with product price, image and rating.
